NOVRA ANNOUNCES MAJOR NOVRA GROUP RADIO ORDER AND STRONG FIRST QUARTER BOOKINGS

Las Vegas, NV – (CNW, April 09, 2018): Novra Technologies Inc. (“Novra”) (TSX-V: NVI) announced today that it has received—through one of its Novra Group companies—two new orders totaling more than \$3.2M CAN from a major international radio broadcaster. The orders are for an ongoing network upgrade as well as a technology refresh of satellite uplink infrastructure. Both orders are scheduled for delivery in Q3 and Q4 of 2018.

With these orders, the first quarter 2018 consolidated sales and bookings results for the Novra Group of companies—Novra Technologies, International Datacasting (IDC) and Wegener Corporation—total approximately \$6M CAN, of which \$4.1M CAN is backlog expected to be delivered in 2018.

Harris Liontas, Novra President and CEO commented, “Strong bookings and sales results for our first quarter demonstrate a vote of confidence by our customers in the strength and stability as well as innovative products and solutions the Novra Group offers. The combination of these three respected companies with complementary expertise and products is progressing well and we’re thrilled that industry leaders continue to select us as a technology partner and trusted supplier.”

The announcement was made at the National Association of Broadcasters (NAB) 2018 convention and trade show where Novra Group team members will be staffing booth SU2721, showcasing new products and solutions at the world’s largest gathering for broadcast and media technologies.

About Novra Technologies Inc.: Novra (TSX-V: NVI) is an international technology provider of products, systems and services for the distribution of multimedia broadband content. The Novra Group of companies includes Novra, International Datacasting Corporation, and Wegener Corporation.
